

The Paper Specialist

IndiPrint Product Sheet

www.garnettpapers.com

What is INDI PRINT ?

This is Garnett's specially designed media used as the substrate in large format Digital Printing machines. It is a neutral pH product, which needs no pre treatment before printing. This is fully recyclable. It is made from recycled fibers and as well as renewable forest resources.

INDI PRINT is available in 117, 135 and 171 gsm's and in two different textures: Canvas and satin

Sizes

The stock range is available in standard sheet sizes of 320 X 470 mm and 330 X 485 mm packed in reams of 100 sheets. However customized orders are also accepted.

Popular Application

Indi print is used for Digital Printing on HP Indigo series of machines, Xerox iGen series, Xante, Epson, Cannon, etc.,
